## Tile Stolen

Twenty-three cartons of flooring tile, valued at \$260, disappeared from a house under construction on Ridge street. The loss was reported to police on Friday morning by Hugo Baratta who said he was building the Ridge street house. He said the theft must have occurred between 5 p.m. Thursday and Friday morning.

On Thursday morning at 1:15 a.m. Mrs. Lauga of 69 Ridge st. had called the station and reported a prowler. She was able to give police only a scant description.

## INTEREST SHOWN IN MOCK TRIAL AS WOMAN DRIVER "BRINGS SUIT"

Almost any day now the Seletmen may reach into the hat and pull out your name for jury service. Will you be as uninformated about what is expected of you as a juror as, according to many judges and lawyers, Mr. Average Citizen generally is?

All one needs to do to remedy the situation is to attend the School for Jurors to be presented by the League of Women Voters of Arlington, admission free, on

## THREE MAJOR SPOTS LACK OPPOSITION

### Only Four Draw Fights

The tamest election in many years, perhaps in history, looms for '52 unless a sudden rush of candidates occurs between now and Monday.

Few observers can recall when the top three offices have gone uncontested — selectman, public works and assessor.

Some see it as a tribute to the incumbents on these boards. They describe Sorensen, O'Neill and Hauser as "very strong" vote getters and say that they have demonstrated their worth to the Town.

Others feel that the circumstance reflects an alarming disinterest in town affairs. As the Town grows larger and the problems more complex, several possible candidates have said, "I want no part of it."

As the chart shows (cols. 1 to 4, on page 1) there are also few contested spots for Town Meeting members.

Four Contests  
With three spots open, six candidates have announced for School Committee although one, Francis J. Higgins, may not file, it is heard.

The Advocate checked Higgins last night and he said, "I have decided not to run."

Other contests loom for Library Trustee with F. Stanley Glynn Jr., facing Mark W. Bradford, incumbent, and the recently appointed John B. Fox.

Edward J. Sennott and Nils G. Anderson, former Park Commissioner, both seek election to the Cemetery Commission.

Incumbent John S. Crosby faces a challenge from William S. Craig for Board of Health.

There follows a list of those who have taken out papers but (Continued on Page 5)

## Public Forum On UMT Held At Baptist Church

At the First Baptist Church last Sunday evening a public forum was held to discuss the bill now before the Congress to establish Universal Military Training.

The forum was sponsored by the Social Action of the Women's Missionary Society, Mrs. Earl Bolton, president.

Members of the panel leading the discussions were introduced by Mrs. Carl W. Aisen Jr. Mrs. Rangvold Maartman-Moe spoke on the history and results of military conscription in Europe while the U.M.T. bill was outlined by Wilmer Starkey.

Members of the panel speaking in favor of the proposal were Mrs. Marcus Sorensen and Howard Smillie. Mrs. Paul A. Smith and Harry Patterson presented the arguments against the bill.

Mr. Wood, pastor of the Church, acted as moderator. General discussion by members of the audience followed. It appeared that the majority of those speaking from the floor were in favor of some form of Universal Military Training.

## OK's Life Tenure For Local Official

A bill to grant by referendum Town Treasurer and Tax Collector J. Wilbert Anderson life tenure of office has passed both branches of the State Legislature. Final approval must be given by the voters of the Town by referendum on the ballot.

If the bill is signed by Lt. Gov. Jeff Sullivan while the Governor is on vacation, by next Monday, that matter "may be properly put in" the election warrant for this March, according to Town Counsel Russell T. Hamlet.

On Monday the Senate suspended the rules and the bill was given three readings and passed without opposition. Senator Robert P. Campbell (R.) guided the bill through the procedure.

Last week the House passed the legislation, in spite of opposition, 39 to 32, by standing vote. Rep. Hollis M. Gott (R.) filed the bill.

Harold A. Cahalin and Joseph Peterson, former selectmen, as well as Rep. Gott, spoke in favor of the bill before the Committee on Towns at a previous hearing.

The bill includes the names of several other officials of other cities and towns.

Opposition in the House stemmed from Democratic Floor Leader John E. Powers who said he was opposed to "all this type of legislation."

## TO HOLD REINS ON PAY RAISES

### School Comm. Opposes Sections in TM Bill.

The School Committee last week voted that any consideration of pay raises of its personnel be left to the discretion of the committee.

Previously, it is understood, the Personnel Board had written the Committee, asking if any changes should be considered by the Board.

In reply, the School Committee thanked the Board for its offer but stated that it chose to handle its own pay considerations.

## Limit Town Manager

The Committee also voted to go on record as being opposed to certain sections in the proposed bill for town manager form of government. In the bill the manager would be given control over the maintenance of school buildings and also, have some authority over new school construction. The Committee claims that these provisions had "proven unsatisfactory" in several towns and cities in the state.

## Single Session Poll

Another poll will be taken among parents as to their opinion on the single session plan in elementary grades during the winter.

It had been pointed out that since parents approved the plan by poll two years ago, there had been no means of determining present opinion since that time.

The present one-session schedule will expire this year, on April 1st.

EVENING registration of voters will begin next week for those unable to do so at the Town Clerk's office during business hours. For times and places see advertisement, page 1.

### COULD YOU PAY THE BILL?

When an editor has all the facts at hand and can present them clearly there is little reason for any additional words.

How much was spent on Polio in Arlington in 1951?

Here are the facts:

For the first eleven months \$7,648.35 was spent for patients care—a rate of over \$9,400.00 per year. There were twenty-nine cases (twenty-three of whom were children)—eleven new cases. Individual cases listed below:

## That Man About Town

By NAT

We are informed that the Central Purchasing Department committee of the Town will come in to the March Town Meeting with a definite recommendation to adopt such a department. Our informant also told us, that while the committee had stepped aside in the past three years, so as not to interfere with the Town Manager proposition, this year it decided to move. It seems as though the Town Manager plan is again bogged down. No sentiment against a Central Purchasing Department, under the Board of Selectmen, is apparent. If the Town Manager plan were passed, the principal of central purchasing would be automatic.

Consequently, as it is a known factor that savings can be made in purchasing of town material and supplies by bulk buying, the committee felt that (1) the Town should go ahead with central purchasing and (2) if Town Manager goes through, containing, as it does, such central purchasing, the Town will have an appropriation ready for its adoption and (3) if Town Manager fails to go through (in three years), at least we can institute the savings possible under central purchasing.

The Finance Committee, in adopting approval of the Town Manager plan also approved central purchasing. Therefore, we look for approval of the committee's recommendation by this body. We have no figures from our informant but, in our opinion, believe that such a department, salaries and capital outlay, can be covered the first year by a sum not to exceed \$15,000. In subsequent years, the cost should be lower by the capital outlay. (Capital outlay, in this instance, means desks, filing cabinets, typewriters, office supplies, index cards, chairs, and other items common to the operation of any office.) The salaries would go to the Purchasing Agent and perhaps a clerk or secretary. This item will have to be decided by

the Salary Plan Committee in central purchasing with the Board of Selectmen.

We think this committee has made a wise choice, under existing circumstances.

Senator Lodge (R. Mass.) lost his bid for Senate minority leader. But he is still Mr. Clothes Horse, the Women's Institute having voted him the best dressed man in the country in 1951.

Two more groups of Arlington citizens have filed papers for committee studies. One, if set up, will study a tax reducing plan as noted in this column last week. Its chief sponsor is Robert Zwicker, a well known town meeting member. The other group requested a study of traffic control and child safety with all the ramifications of both included.

Up to the date of this writing, the apathy of candidates for major town offices, is the worst in years. The reason appears to be that no one wishes to (a) spend the money to campaign and (b) nor care to stand for the political "dirty" thrown in recent years and, (c) while taxpayers holler about taxes, a candidate from their ranks seldom appears.

We understand the Personnel Board has inserted an article in the Warrant calling for a \$208 boost to Town employees. In naming the figure specifically, the figure cannot be raised by substitution on the floor, we understand.

However, the Town Employees have inserted their own article with no figure named. They had previously asked the Board for around \$400. Thus they will strive for the defeat of the Board's proposal and work to up the increase via their own article. The Town Meeting members will thereby become the arbiters, a job for which we thought the Board was designed.

## TODAY'S Meditation

STUDIES IN ROMANS

If God be for us, who can be against us? (Romans 8:31.) Read Romans 8:28-34.

DURING a European trip before World War II, a traveler was taken on an officially conducted tour of Soviet Russia. A beautiful church building was among the places visited. The building was no longer used as a place of worship. It was a government office building.

The guide took the tourist up to the chancel steps to point out on the ceiling a painting showing the figure of Christ seated upon a throne.

"He seems to have been smeared with paint," the traveler remarked.

"Yes," said the guide, "we covered Him with gold paint, but He still shines through the gilding."

We can take courage and be of good cheer, for we know that "all things work together for good to them that love God." Though people as individuals, and nations of people, often reject Him and try to hide from His searching love and demands for truth and justice and purity. He yet shines through the gilt to give us hope, courage, confidence, and poise for the living of these days.

### PRAYER

O God, quiet our fears and anxieties with courage and confidence. Give us the assurance that in our joys and in our sorrows we are not alone, for Thou art with us. In our Redeemer's name. Amen.

### THOUGHT FOR THE DAY

"One, on God's side, is a majority." — Wendell Phillips. (Charles Wesley Fisher (Washington))

## Battleship 'Wisconsin' Fires Calling Cards

Two Arlington men, Paul A. Cravott, fire controlman, third class, USN, son of Mr. and Mrs. Anthony J. Cravott of 269 Appletoth st., and Richard A. Sandberg, seaman apprentice, USN, son of Mr. and Mrs. Arthur Sandberg of 24 Mystic Lake dr., were aboard the battleship USS Wisconsin when she unleashed her first group of "calling cards" on Red forces on the Eastern coast of Korea recently.

The Wisconsin dropped the one-ton, 16-inch "cards" on enemy installations and troop concentrations below Wonsan, in support of Republic of Korea and U. S. Marine Corps troops.

"Excellent," was the term used by Army and Air Force spotters to describe the accuracy of the Wisconsin's gunfire as she inflicted heavy personnel losses and destruction to enemy depots, warehouses and gun emplacements.

### NEW OLDS HERE

Oldsmobile's 1952 line of cars will be introduced to the public on Thursday, January 24, according to Louis T. Boucher and Colonial Motors of Arlington, Inc. There will be a representative display of the 1952 models at Colonial Motors, 745 Massachusetts Avenue on that day.

Styling and mechanical improvements will be outstanding in 1951 Oldsmobile cars, including new Hydra-Matic Drive, according to advance information from J. P. Wolfram, Oldsmobile general manager and vice president of General Motors. Working with material and tooling limitations, Oldsmobile engineers have achieved real results in appearance and performance, Wolfram stated.

All these 1952 model changes are designed to enhance the comfort and the beauty of the Oldsmobile while, at the same time, making it easier for the motorist behind the wheel.

Whether it be on the highway or in crowded city traffic, the 1952 Oldsmobile will perform up to new high standards, according to Wolfram.

### Wrong Inference --

In last week's issue a wrong inference was given in recording a complaint registered by John Henry Shea of 48 Lombard road.

It said "complaint to police of parking situation on Pleasant st. near the church, was registered."

Mr. Shea reports he registered his complaint not because cars were parked near a church but because vehicles were parked where parking is forbidden with a series of signs, extending along the northerly side of Pleasant st. from Massachusetts ave. for several hundred feet.

## NEW WILLYS DRAWS ATTENTION HERE

One of the few entirely new automobiles to be introduced by an American manufacturer in over two decades, the new Aero Willys sedan is now on public display in showrooms of Willys-Overland dealers.

"People have been coming in by the hundreds these past few days to see it," said William F. McManus, proprietor of Mystic Valley Motors on Mystic st. "They are crazy about it."

It is named the Aero Willys because of being "more fully engineered than any previous auto to combine principles of aerodynamic design with advanced automotive engineering," according to Ward M. Canaday, company president.

"Long rumored as the car which may prove to be the automotive industry's most outstanding design innovation of 1952, the Aero Willys is powered, Canaday said, with "one of the world's most efficient engines and has 90 features that add up to an entirely new concept of motoring convenience, comfort and economy."

The car is designed to meet the challenges of rising motoring costs and increasing traffic density.

"Gasoline economy is unsurpassed," according to Willys engineers, who cite tests of various models "from which, with overdrive at 30 miles an hour, up to 35 miles per gallon has been obtained."

The traffic problem is attacked by "revolutionary design to obtain a compact 9-foot wheelbase automobile which at the same time contains the interior space for passengers and riding qualities heretofore associated with expensive long wheelbase cars," they reported.

**Roomy Comfort for Six Adults**  
"The Aero Willys, for example, has room for six good sized adults. Sixty-one-inch seating width, both front and rear, is wider than most cars, while the exterior width of 72 inches is narrower than most cars, providing a full foot of clearance on either side in entering a standard 8-foot garage doorway.

"Wind resistance is greatly minimized by a low, tapering hood with the leading edge shaped like the edge of an airplane wing and a low roof only 60 inches from the ground. Air turbulence behind is lessened by vertical fins on the rear fenders. The highly efficient engine enables the car to cruise at 75 miles an hour using only 65 per cent of its capacity, leaving plenty of power in reserve for hills."

**Driver Sees All Fenders**  
Other features claimed for the Aero Willys which contribute to convenience, comfort, easy driving and safety include airborne ride, with all six passengers "cradled" between the axles; panoramic visibility, enabling all four fenders to be seen from normal driving position and enabling driver to see road as close as 10 feet in front of the bumper.

## Wood-Bergstrom

Double white snapdragons and holly formed the chancel background for the lovely candlelight wedding at St. John's Episcopal Church here on Dec. 29, when Miss Dorothy Amelia Bergstrom, daughter of Mr. and Mrs. Carl A. Bergstrom of Arlington, became the bride of Stanley Trowbridge Wood, son of Mr. and Mrs. Frederick E. Wood of Needham. Tall tapers entwined with smilax marked the main aisle, with candlelight in the chancel.

Rev. Halsey I. Andrews officiated at the double ring marriage service at four o'clock, followed by a reception for 300 guests at the Old Belfry Club in Lexington.

Given in marriage by her father, the bride's wedding gown was fashioned of ivory satin, with full train, long pointed sleeves, yoke and stand-up collar of chantilly lace. Her finger-tip veil of illusion was caught to a small round hat of chantilly lace outlined with orange blossoms. Her bridal bouquet was a cascade of white snapdragons, white carnations, and holly.

Her sister, Mrs. Edith Burns of Arlington, attending as her maid of honor, wore a ballerina length gown of shirnet nap over taffeta with a bodice of gold brocade. The bridesmaids, Miss Margery Maxim and Miss Mary O'Connor, both of Arlington, were similarly gowned in green.

David Wentworth Wood of Schenectady, N. Y., was best man for his brother. The ushers were Frank S. Treco Jr., Alfred E. Gray Jr., both of Cleveland, O., Carl I. Bergstrom of Arlington, brother of the bride, and David E. Thompson of Needham.

Mrs. Wood is a graduate of Arlington High school and attended Boston University. The bridegroom, a graduate of Needham High school, is southern representative for Sargeant Company of New Haven, Conn.

## CHURCHES OF CHRIST

Several Bible stories which illustrate the inevitable victory which comes from obeying God will be included in the Lesson-Sermon entitled "Truth" which will be read at Christian Science Services this Sunday.

That glory for all good belongs to God, illustrated by the following verse, is another theme in the Lesson-Sermon, "And the Lord said unto Gideon: The people that are with thee are too many for me to give the Midianites into their hands, lest Israel vaunt themselves against me, saying, Mine own hand hath saved me." (Judges 7:2).

"Pride and fear are unfit to bear the standard of Truth, and God will never place it in such hands," is a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, also included in the Lesson-Sermon.

The Golden Text is from John 8:12. "Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free."

## TROOP 41

Troop 41 marked the close of its first half year with a party at the Brackett School. At impressive ceremonies advancement badges were presented to various members of the troop. At the same time five new members were added to the ranks. The boys were accompanied by their fathers who also took part in the welcoming exercises.

Games and refreshments rounded out the evening. The Explorer group were given a camp cook kit as the winning patrol in the troop's Christmas wreath sales contest.

The troop committee and scout leaders enjoyed a recent, snow-bound, weekend at Camp Det. Waltham. Included were Scoutmaster Charles M. Buxton, Assistant Scoutmasters Bruce H. Faunce and Raymond F. Real, Chairman Joseph Skendarian, William A. Saganich, Joseph W. Walker, Albert Lovely and Bernard F. Welch.

Despite the heavy snows and zero temperatures the committee discussed and planned, with Mr. Buxton, the troop's program for the coming year. Committeeman Walker proved his culinary skill by the excellence of his menus.

Troop 41 meets Thursdays at the Brackett school.

## THE CALL THAT CURED A

## Broken Heart...

Johnny's cheeks were still wet with tears, but he was smiling as Spot's tail stirred in an attempted wag.

"He'll be good as new in 24 hours," the veterinarian said. "But it's a good thing you telephoned me as soon as you did."

Sometimes it's impossible to measure the value of a telephone call in dollars and cents. A single emergency call may be worth the cost of your telephone many times over. It may cure a broken heart...or save a human life.

Actually, the value of telephone service lies not so much in emergencies, as in everyday convenience. The convenience that brings the grocer, the druggist, the cleaner, the office, a friend or a loved one as near as your telephone.

## A BIGGER VALUE THAN EVER

In relation to the high cost of most things you buy, the average telephone bill now takes a smaller part of the family budget than it did 10 years ago. What's more, service is better, faster, more efficient.

Some people who have applied for telephone service are still without it because we lack necessary equipment. To correct this situation is one of our major projects.

Some who do have service, however, are inclined to forget or overlook the telephone's real worth. It is only to such users that reference is made here to the value of telephone service.

## UNLIKE THE WEATHER, SOMEBODY IS SOLVING THE XMAS TIE PROBLEM

"It's just a question of getting the right tie and the right man together," said Mr. Donovan, owner of Bayburn Cleaners, today.

During the entire month of February which is National Tie Cleaning Month, Bayburn Cleaners will run a "Tie Exchange Pool."

Mr. Donovan invites men everywhere to gather up those Christmas ties that are not mas'

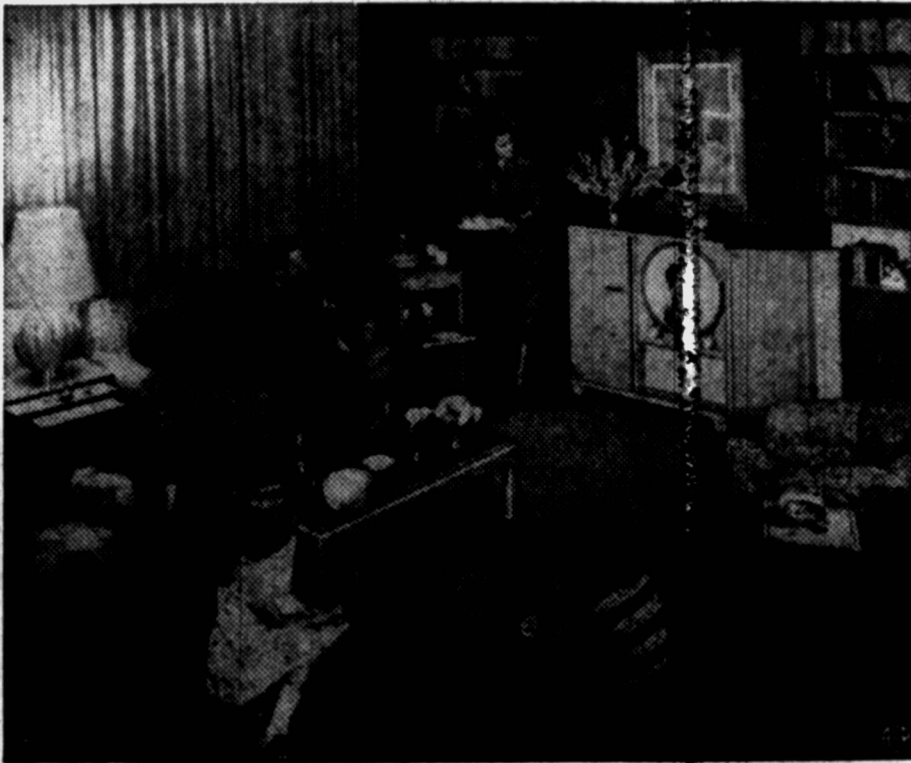

For each tie you send or bring, you can select another from one of the Tie Exchange Bars at 1 Broadway, Arlington or 834 Massachusetts Avenue, Arlington, or from any Bayburn outfitter.

All ties in the Tie Bar have been Sanitoned. Dry Cleaned. Meanwhile the ties you turn in will be Dry Cleaned and added to the Pool.

"All its costs is the price of Dry Cleaning, and you get ties you like," said Mr. Donovan.

Well, at last, someone's doing something about the Christmas Tie problem. Now you can get rid of that purple or yellow job Aunt Tilly gave you for Christmas ties that are not mas'

## LOCAL MAN, 26, TAKES OWN LIFE

In a period of depression and hopelessness, a local man took his own life here Saturday evening.

Summoned by his distraught wife, police found the body of Francis R. H. Nichols, 26, of 105 Varnum st. lying on his bedroom floor with a bullet hole in his temple.

When Dr. Titelbaum arrived, he pronounced the man dead. Later the medical examiner pronounced it suicide.

Mrs. Nichols told police that her husband was very depressed and threatened to take his life. She said that he "forced" her to locate his revolver which she had hidden.

In spite of her pleas and efforts to calm him, her husband told her to go away and continue to give "the children their supper." He then took the pistol and closed the door to his room. Police say.

A few minutes later, Mrs. Nichols told police she heard a shot.

At 6:38 p.m. a telephone operator called the police station and reported "a woman at 105 Varnum st. is screaming and saying something about someone being shot."

Sgt. Fitzgibbons and Patrolmen Casali, Backley and Schaber answered the call. The ambulance was also summoned.

Investigation showed that the holster was found clutched in the left hand while the pistol lay on the floor beside the body.

Police quote Mrs. Nichols as saying she believes that financial problems caused her husband to become hopelessly depressed.

## ARLINGTON VILLAGE HOMEOWNERS SEEK ANSWER TO STREET COSTS

Citizens from Arlington Village, who wanted to know why assessments for new streets were apparently much higher than two years ago met with Town Engineer James M. Keane Monday night.

They were told that the Joint Board had changed its policy as to construction. After a trial period of constructing just the roadway, the Board has decided to revert to the original type with one exception—omission of the granite curb stone, except on corners.

Contrary to recent practice, bituminous sidewalks will also be installed because so many homeowners have requested them. Sidewalks were eliminated under the previous plan.

Another factor which jacks the cost is land damages. Although for the past two years land damages have been waived by property owners, this plan has not worked out well. Some owners have had hardships where the roadway line has been several feet above or below the owner's land. In the case of others, on the same street, the differential has been only a few inches.

The Board feels this wide difference is not equitable, Keane said.

The group of citizens appeared to question why the cost of Pilgrim rd. with storm drains was estimated at \$15,501 while Renfrew st., comparable in their belief, was estimated at \$7,960.

Mr. Keane showed figures of actual cost of nearly a \$1000 more—\$8,749. He also pointed out that the estimates are "put high" by 20 per cent as a safety factor.

He said that materials are costing about 20 per cent more this year and that labor was up another five per cent.

Residents on Pilgrim rd. face the unfortunate circumstance in that the entire northerly side is too small to accommodate house lots. Thus the burden falls on a few.

The group left the Town Hall "feeling better about the situation" and thanked Keane for his time.

One spokesman said, "The figures still sound high to me. We are going to check over the engineer's figures and also start working for acceptance next year."

The group included Miss Edna Thompson, James Moran, V. Archambeault, Howard Wagner, Mortimer French and W. Alfred Rivenburg.
